EVIDENCE AGAINST MORSE COMPLETED

Ship Board Gives All War Contract Data to Department of Justice.

FIFTY WITNESSES CALLED

Indictment Will Be Sought
To-morrow From the Federal Grand Jury.

Special Despatch to THE NEW YORK HERALD.
New York Herald Bureau,
Washington, D. C., Dec. 7.

All evidence said to connect Charles W. Morse with alleged war contract irregularities was turned over to-day to the Department of Justice by the Shipping Board.

The Department of Justice is ready to go before the Federal Grand Jury in the District of Columbia and present the mass of data. More than fifty witnesses have been subpoenaed.

The Government's plans to proceed at once were completed to-night in a conference at the Department of Justice. Attending the conference were Attorney-General Daugherty, Assistant Attorney-General Guy D. Goff, Assistant Attorney-General John W. Grim, in charge of the criminal division of the department, Chairman Lasker of the Shipping Board, Fletcher Dobyns, special assistant to the Attorney-General, assigned to the Shipping Board, and Elmer Schlessinger, general counsel of the Shipping Board.

The original programme was to go before the Grand Jury to-morrow and ask immediate indictment. The clogged work of the Grand Jury will force a delay of another day, and the evidence will not be submitted until Friday.

Attorney-General Daugherty probably will assign Assistant Attorney-General Grim to present the evidence, with the assistance of Mr. Schlessinger and Peyton Gordon, Federal attorney for the District of Columbia.

Officials at the Department of Justice appeared confident that the Grand Jury would find it possible to dispose of the case before Mr. Morse reaches New York next Monday or Tuesday aboard the Paris. Mr. Morse is said to be in constant wireless touch with his counsel, Wilton J. Lambert of Washington.

NO NOTICE OF WARRANT.

District Attorney's Office So Says
About Morse Case.

No official notification of the fact that a general warrant for the arrest of Charles W. Morse had been issued in the District of Columbia has been received at the office of the District Attorney here, John E. Joyce, Assistant District Attorney, said yesterday.

It does not seem likely that the local Federal authorities will take any part in the prosecution of Mr. Morse, but it would be possible under the law to arrest him on his arrival here, arraign him before a United States Commissioner and institute removal proceedings against him should he object to going to Washington.

A NASHUA O'BRIEN ENTERS STEWART CASE

Seeks Letters of Administration
as a Brother.

RIVERHEAD, Dec. 7.—A report was received from Nashua, N. H., to-day that John H. O'Brien of that city intended to ask for letters of administration in the estate of John K. Stewart, founder of the Stewart-Warner Speedometer Corporation, alleging that Stewart was his brother. Percy L. Housel, associate counsel with Robert B. Honeyman, Jr., issued a statement saying the attorneys are still far from satisfied that Stewart's name originally was O'Brien, and that even if this were true it is only a side issue and has no bearing at law in the controversy now going on.

"The O'Briens never can be appointed as a legal right," said Mr. Housel, "even should the present guardian be removed, because a new guardian for Mrs. Honeyman would be appointed immediately, and that guardian would have a prior right to letters in the Jean Stewart estate."

9 SHOT IN CHICAGO STOCKYARDS RIOTS

Mobs of Strike Sympathizers
Attack Workers and Police,
Who Fire in Reply.

TWO VICTIMS MAY DIE

Hundreds of Extra Policemen,
Riot Guns and Tear Bombs
Sent Out.

CHICAGO, Dec. 7.—The most serious rioting since the strike of packing house employees started throughout the middle West on Monday, occurred at the Chicago Union Stock Yards to-night while employees of the packing plants were leaving their work for home.

Nine persons suffered bullet wounds and a score received broken heads or other injuries. A report also reached the police that a negro was thrown into Bubbly Creek, a stagnant body of water along the north edge of the stockyards, and pummeled with bricks and stones until he drowned.

As the situation here had been without any previous outbreak of consequence no extra precaution was taken by police to-night. When workers began to emerge from the yards, which cover a square mile, many strike sympathizers began to surge around them at the exits, especially at Forty-third street and Ashland avenue.

Mounted policemen attempted to push back the crowd and form a lane to the street cars. The strike sympathizers refused to budge and mounted policemen soon found their horses wedged in the mass of men and women, who began to throw every available missile at both stockyard employees and policemen.

As several patrol wagons full of police dashed up and the officers kept firing into the crowd and charging with their horses the people finally gave way, and after a struggle of more than an hour the streets were cleared.

Reports of casualties were so confused that no exact list could be compiled, but at midnight it was announced that nine persons, mostly strike sympathizers, had been shot, two possibly fatally, and that a score had been injured severely.

Charles Fitzmorris, Chief of Police, hurried to the scene and entered personally into the fray until peace was restored.

Several hundred extra policemen and an ample supply of riot guns and tear bombs were sent to the district to be used in case the outbreak should be renewed.

Legal proceedings to restrain the striking packing house workers from interfering with the operation of packing plants by picketing or molesting employees were either pending or in effect in five cities in the middle West to-night.

Officials of the Amalgamated Meat Cutters and Butcher Workmen of North America, which called the strike after a wage decrease averaging 10 per cent, had been put in effect, to-night agreed with spokesmen for the "Big Five" packers that there was little change in the situation.

LARCENY BY BROKER CHARGED BY ACTRESS

F. B. Florian Arrested on
Complaint of Miss Ceallis.

Frederick B. Florian, a broker of 59 Broadway, was arrested last night in the lobby of the Pennsylvania Hotel and locked up in the West 100th street station, charged with grand larceny on the complaint of Miss Mona Ceallis, an actress of 370 Central Park West.

Miss Ceallis told the police that she met Florian in 1920, and gave him between \$6,000 and \$7,000 to invest for her, some of it in jewelry. She had not been able to get any satisfactory information from him concerning the investments, she said, and could not get him to return the money. She made an appointment to meet him last night, and went to the hotel with Detectives Morrison and Donnelly.
